FINISH

VIP WEEKEND

4th November 2016.

For the past three years we have followed up our conferences with VIP weekends. This year, Drones Data X is hosting a unique VIP Weekend in beautiful **Achill Island, Co Mayo**. Our exciting event is an exclusive (invite only) global UAV leadership series featuring executive-level drone and UAV professionals from across a range of industries. The Weekend is a tightly-curated event designed to facilitate peer-based thought leadership and networking in a private, intimate environment.

Note. The VIP weekend is a vendor free event, with the exception of select supporting, strategic partnerships offered to first-tier firms in our industry. If you are interested in learning more about our strategic sponsorship opportunities, please contact Suzanne Jordan at suzanne@nua.io.
